A tornado briefly touched down in a field 3 miles northeast of Abingdon. Minor crop damage occurred: however, no structures were impacted.

KNOX COUNTY --- 1.6 NNW DOUGLAS [40.80, -90.09], 1.8 E YATES CITY [40.78, -89.99]

06/05/10 18:56 CST 0.42M Tornado (EF2, L: 5.71 mi , W: 50 yd)

06/05/10 19:04 CST 50K Source: NWS Storm Survey

A tornado touched down 4.5 miles west-northwest of Yates City in eastern Knox County then tracked southeastward to the Knox-Peoria County line. Large tree limbs were snapped and crops were scoured in numerous places along this path. A house had the roof torn off and much of the upper level of the structure severely damaged. The attached garage was also destroyed. In addition, a large garage was destroyed, and seven outbuildings were severely damaged. The tornado continued southeastward into Peoria County.

PEORIA COUNTY --- 0.8 W ELMWOOD [40.78, -89.99], 1.3 E ELMWOOD [40.78, -89.95]

06/05/10 19:04 CST 85M Tornado (EF2, L: 2.10 mi , W: 50 yd)

06/05/10 19:07 CST 0 Source: NWS Storm Survey

A tornado crossed the Knox-Peoria County line 1.1 miles west of Elmwood, then continued southeastward through the town of Elmwood. Considerable structural damage occurred to 10 homes, 30 businesses and nearly two dozen vehicles in downtown Elmwood, amounting to approximately \$85 million in damages. There was a total of about 80 people, some that were attending an outdoor festival in the downtown and some that were at a theater, that took shelter in the basement of the movie theater. As a result, there were no injuries. The tornado dissipated 1 mile east of Elmwood.

PEORIA COUNTY --- 1.0 WSW SOUTHPORT [40.77, -89.92], 2.5 ESE OAK HILL [40.77, -89.82]

06/05/10 19:10 CST 85K Tornado (EF1, L: 4.86 mi , W: 100 yd)

06/05/10 19:18 CST 0 Source: NWS Storm Survey

A tornado touched down 2.6 miles east of Elmwood, then continued eastward across southern Peoria County. Numerous trees and tree limbs were blown down along the path of the tornado. In addition, shingles were stripped off a home, a small shed was destroyed, and a grain bin was blown one quarter of a mile into a field. The tornado lifted 4.1 miles west-southwest of Kickapoo.

PEORIA COUNTY --- 2.1 WNW KRAMM [40.76, -89.82], 0.5 NE EDWARDS [40.76, -89.74]

A tornado touched down 4 miles west-southwest of Kickapoo, then continued eastward across southern Peoria County, eventually lifting 0.7 miles north of Edwards. Numerous trees and tree branches were blown down along the path of the tornado. A large barn was destroyed and the siding was stripped off the east side of another barn. In addition, large trees were blown down onto two homes, causing considerable roof damage.

PEORIA COUNTY --- 0.3 S ORANGE PRAIRIE [40.77, -89.67], 1.2 N SHERWOOD FOREST [40.77, -89.63]

06/05/10 19:32 CST 0.10M Tornado (EF0, L: 2.02 mi , W: 100 yd)

06/05/10 19:35 CST 0 Source: NWS Storm Survey

A tornado touched down 6.5 miles northwest of Peoria then continued northeastward through the Bridalwood Drive neighborhood just east of Route 6. Numerous trees were snapped and several homes experienced shingle damage.

MARSHALL COUNTY --- 4.0 NNW WENONA [41.10, -89.09], 3.9 NNW WENONA [41.10, -89.07]

06/05/10 19:34 CST 40K Tornado (EF1, L: 0.81 mi , W: 100 yd)

06/05/10 19:35 CST 0 Source: NWS Storm Survey

A tornado touched down 3.8 miles north-northwest of Wenona in Marshall County, just west of County Road 2900E. Several trees and powerlines were blown down before the tornado crossed into LaSalle County, which is part of National Weather Service Chicago's county warning area.

TAZEWELL COUNTY --- 2.4 NW PEKIN JCT [40.75, -89.40], 2.1 NNW PEKIN JCT [40.75, -89.39]

06/05/10 19:53 CST 30K Source: NWS Storm Survey

A tornado touched down 2.9 miles north of Washington in northern Tazewell County, then continued eastward to the Tazewell-Woodford County line. Numerous trees and power poles were snapped along the path of the tornado. Three large outbuildings and two hog sheds were destroyed. In addition, the roof of a farm house was lifted off, the roof of another house was severely damaged, a garage was destroyed, and a grain bin was blown one quarter of a mile into a field. The tornado then continued eastward into Woodford County.

A shed was bloward into DeWitt C	80K 15K ked southeastward	Source: NWS Storm Survey to the Logan-DeWitt County line.

A tornado crossed into DeWitt County from Logan County 3.2 miles west-southwest of Kenney. A barn was blown down and two machine sheds were damaged. In addition, a trailer was rolled over. The tornado lifted 3.5 miles southeast of Kenney.

A stationary frontal boundary extending from southern Michigan across north-central Illinois served as the focus for severe thunderstorm development during the late afternoon and evening of June 5th. A vigorous upper-level disturbance tracking across the Upper Midwest added extra wind energy to the atmosphere, allowing supercell thunderstorms to develop along the front. Eight tornadoes were spawned by the storms, mainly along a Galesburg to Eureka line. An isolated tornado formed further south across eastern Logan and western DeWitt counties as well. No injuries were reported.

06/09/10 02:45 CST 50K Lightning

06/09/10 02:45 CST 0 Source: COOP Observer

Lightning struck an antenna attached to a garage in the village of Ogden. The fire engulfed the garage and spread to the attic of the house. There were no injuries to the occupants of the house.

A cold front moving across central and eastern Illinois produced several rounds of thunderstorms during the late evening of June 8th and the early morning of June 9th. One of the early morning thunderstorms produced several lightning strikes, one of which resulted in a house fire in eastern Champaign County.

CHAMPAIGN COUNTY --- 5.4 ENE MAHOMET [40.24, -88.31], 1.8 S DAILEY [40.20, -87.95], 1.8 SSE BROADLANDS [39.90, -87.99], 2.5 SSW (CMI)WILLARD FLD CHA [40.00, -88.31]

A stationary frontal boundary draped across the region served as the focus for widespread thunderstorms during the afternoon and evening of June 13th. Many of the storms produced damaging wind gusts and hail. In addition, torrential downpours led to flash

flooding across parts of east-central and southeast Illinois.

Around 2.00" of rain in 90 minutes resulted in flash flooding of roads in a small part of northern Lawrence County. Rural roads from Chauncey to Birds, as well as a portion of State Highway 1, were impassable due to the heavy rain and flooding.

Scattered showers and thunderstorms developed ahead of a cold front during the afternoon of June 27th. Damaging wind wind gusts and heavy rainfall accompanied the stronger storms. In addition, lightning strikes caused a structure fire in Shelby County and damaged power poles in Jasper County.
